Office Action Summary

Art Unit: 2154

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claim 1, 2 and 9 drawn to defining exit and entry point in an HTML file, classified in class 707, subclass 501.1.
  - II. Claims 3-6 and 10, 13-15, drawn to linking between HTML files, classified in class 345, subclass 804.
  - III. Claims 7-8 and 11-12, drawn to determining the validity of a URL, classified in class 714, subclass 758.
2. The inventions are distinct, each from the other because of the following reasons:

Inventions and are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I and III has separate utility from invention II such as in a system not requiring the interaction between multiple multi-screen HTML files . See MPEP § 806.05(d).
3. The inventions are distinct, each from the other because of the following reasons:

Inventions and are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, inventions I and II has separate utility from invention III such as in a system not requiring the comparing and displaying of the URL with reference to the URL table . See MPEP § 806.05(d).

Art Unit: 2154

4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

5. Because these inventions are distinct for the reasons given above and the search required for Group III is not required for Group I and II, restriction for examination purposes as indicated is proper.

6. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

7. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

8. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(I).

9. Any inquiry concerning this communication or earlier communications from the examiner should be directed to L. Donaghue whose telephone number is (703) 305-9675. The examiner can normally be reached on M-F from 8:00 to 4:00.
